

SYRIAN BUSINESSES IN TURKEY

BUSINESS CATALOGUE

PREFACE & ACKNOWLEDGEMENTS

This draft publication was researched, written, and designed by Building Markets (BM). Its purpose is to create potential business opportunities between Turkish and Syrian-owned businesses established in Turkey. According to **Building Markets Matchmaking Platform** %35 of Syrian-owned businesses in Turkey export to Gulf, Middle East and North Africa countries. %50 percentages of those businesses exporting Turkish products and services. Syrian-owned businesses will allow your products to distribute to those regions. %15 of Syrian-owned businesses in BM platform importing that they believe that the products they imported is not available in Turkish Market.

The document contains a non-exhaustive list of companies who may be seeking investment, supply chain, and collaboration development opportunities.

Data reflected in this publication was collected by Building Markets through in-person and call center surveys that were conducted through February 2020. All data included in this report was self-reported by businesses and has not been independently verified. The companies included in this publication gave Building Markets consent to share their information.

No recommendations or guarantees are made regarding the information provided or on its accuracy or quality. Building Markets and its partners are not responsible for any omissions or errors in the listings and recommends that entities should be independently researched.

Any company wishing to have its information removed from this publication or modified can make a request by sending an email to Building Markets at newyork@buildingmarkets.org. Building Markets and its partners reserve exclusive rights in their sole discretion to alter, limit, discontinue, add, change, improve, or update the information in this document. Information contained in this publication does not imply the expression of any opinion or endorsement by Building Markets or any of its partners.
